7 WEEKS RECRUITMENT DRIVE**

**Selection Procedure :**

We don't rely on third parties for supply of potential candidates. Every day hundreds of youth come to our company, while many send their bio-data and work experience through our website and e-mail for overseas employment, drawn by the reputation of the quality service we provide. Every information of these candidates are entered into our virtual databank by our recruitment officers in "Employment Opportunity Service Desk". At present, we have thousands of such CVs in our Databank stored in our website [www.skyoverseas.com.np](http://www.skyoverseas.com.np).

Each potential candidate must face preliminary interview with our recruitment officers before the final selection. We use two interview techniques for the selection of short-listed candidates.

- 1. Video Call:** This technique is for those who are too busy to come to Nepal for interviewing the candidates selected in preliminary section. We make every arrangement for the interview between employers and the employee through video call.
- 2. Final Interview:** Many employers visit Nepal for final interview. We make all necessary preparations for interview. We call shortlisted candidates for the particular day. We have fully equipped AC rooms and other modern facilities - computers, telephones, Internet, and all that an interviewer might need.
